How to clean web data from your phone.

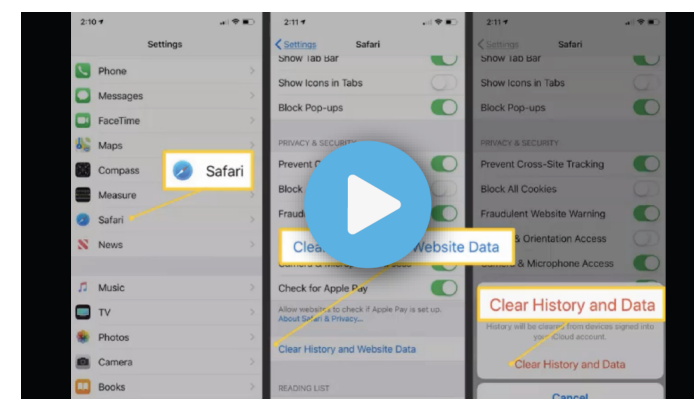

TAP App training!

A common topic that roles in when we receive issues in the TAP App is the speed at which items or lists are uploading. While some may not know, this could actually be due to the amount of data stored on your device.

Below, you can learn how to clean the data from your device to help increase speed!
Please watch the video below as Raul walks through a brief tutorial.

[Android]

[iOS]

We're here to help.

We're available 24/7, 365 days a year.

With a goal of making every part of the process more human and a support team excited to help, call [\(855\) 438-8271](tel:8554388271) or use the links below.
